### Credit interest rates for Savings Accounts

You can find the current rates on our website [www.ing.lu](http://www.ing.lu) or ask for them in one of our branches.

### Debit rates for Savings Accounts (per annum)

Savings accounts are not permitted to be overdrawn. However, if a savings account is overdrawn, debit interest will be charged at the rate applicable to the current account in the relevant currency. The amount of any such debit interest thus charged will be deducted from any future credit interest.

Notwithstanding any provisions to the contrary in the applicable general terms and conditions, and without prejudice to deposits and withdrawals made in the branch, ING reserves the right to modify the operation of the savings account at any time, in particular to limit (i) credit transactions on the savings account to transfers made from any account opened under the same client number in the bank's books in the name of the savings account holder, and (ii) withdrawals from the savings account to transfers made to any account opened under the same client number in the bank's books in the name of the savings account holder.

<sup>20</sup> For clients aged 18-25.

<sup>21</sup> Per year, per account.

<sup>22</sup> For clients under the age of 12, only postal statements are available.

## Currency conversion

### General principle

ING performs currency conversions when required by the payment instruction.

The conversion cost is included in the transaction amount. Additional fees also apply, as listed in the tariffs (page 7).

### Execution rules

#### 1. Transactions up to EUR 25,000

- Use of standard reference rates published by Global Market Database (GMDDB) each Banking Day at 7:20 a.m., 11:20 a.m., 2:20 p.m., and 5:20 p.m. (Central European Time).
- Payments are processed immediately using the latest available GMDDB rate, plus a service margin.
- As rates are updated four times a day, there is an exchange rate risk for the client (upward or downward fluctuation) compared to a real-time rate.

#### 2. Transactions over EUR 25,000

- A real-time ING rate is applied, based on the best execution principle, including a service margin.
- ING guarantees the best available rate from its liquidity providers.

### Information on the applied rate

- Depending on the channel used, the rate is communicated at the time of payment or available upon request.
- Details are also available on account statements.

### Specific cases: SEPA instant credit transfers

- A fifth GMDDB rate (10:20 p.m.) is available each Banking Day.
- **Up to EUR 25,000:**
  - Payments received or initiated on a Banking Day are processed immediately using the latest available GMDDB rate, plus a service margin.
  - Payments received or initiated on weekends (from Friday at 10:00 p.m. to Monday at 7:20 a.m.) or on December 25 or January 1 are processed immediately with the last available GMDDB rate, plus a margin of up to twice the standard margin.
- **Over EUR 25,000:**
  - Payments received or initiated on a Banking Day, except between 11:00 p.m. and 2 a.m., are processed immediately using a real-time ING rate, plus a service margin.
  - Payments received or initiated on a Banking Day between 11:00 p.m. and 2 a.m. or on weekends (from Friday at 10:00 p.m. to Monday at 2:00 a.m.) or on December 25 or January 1, are processed immediately using the latest available GMDDB rate, plus a margin of up to twice the standard margin.
  - When a payment is initiated, an indicative exchange rate is used to ensure the availability of funds. The final rate may change and result in a forced debit with fees and debit interest if the balance is insufficient, even if it appeared sufficient based on the indicative rate.

Visa credit card conversion rates:

For foreign currency transactions, the rate applied will be the Visa International rate (available in branches or at [www.ing.lu](http://www.ing.lu)) + a 2% margin.

Moreover, for any transaction with a merchant located in a country outside the Europe<sup>33</sup> zone as defined by Visa, an additional 0.50% margin shall be added.

Debit card conversion rates:

The rate applicable in the case of foreign currency transactions will be the Visa International rate (available in branches and at [www.ing.lu](http://www.ing.lu)) + 1% margin.

---

<sup>33</sup> Visa Europe zone: Andorra, Austria, Bear Island, Belgium, Bulgaria, Channel Islands, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Faeroe Island, Finland, France (including its "DOM-TOMs"), Germany, Gibraltar, Greece, Greenland, Hungary, Iceland, Ireland, Isle of Man, Israel, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Monaco, the Netherlands, Norway, Poland, Portugal, Romania, San Marino, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Vatican City, the United Kingdom.

## Glossary

This glossary uses the list of standardised terms of the most representative services related to a payment account, within the meaning of the Payment Accounts Act of 13 June 2017 and implementing EU Directive 2014/92 of 23 July 2014 on the comparability of costs linked to payment accounts, to the change in payment account and access to a payment account with basic services. In accordance with Article 7 of said Act, ING Luxembourg SA also uses trade names to designate some of these services, and thus invites consumers to refer to this glossary, also available in the General Terms and Conditions of the Bank, to identify the corresponding terms.

**Online banking:** The account provider makes online access to the account available to the customer.

**Arranged overdrafts:** The account provider and the customer agree in advance that the customer may borrow money when there is no more money in the account. The contract defines the maximum amount that may be borrowed and specifies if the customer will be charged expenses and interest.

This service specifically includes:

- Debit interest rate on EUR current accounts with line of credit
- Debit interest rate on EUR current accounts with line of credit, exceeding the limits of the credit line
- Debit interest rate on current accounts without line of credit (depending on the currency of the account)
- Debit interest rate with credit card

**Direct debit:** The customer authorises a third party (the beneficiary) to instruct the account provider to transfer a sum of money from the customer's account to that of the beneficiary. The account provider then transfers the proposed amount to the beneficiary on the date or dates agreed between the customer and the beneficiary. The amount concerned may vary.

This service specifically includes:

- SEPA direct debit
