ING NEWS: ING LUXEMBOURG IS LAUNCHING A NEW VERSION OF ITS WEBSITE

ING Luxembourg is delighted to announce the launch of its new website www.ing.lu. The aim of this upgrade was to bring the website in line with the new habits of internet users, and to help clients navigate the website more easily from their cell phones.

www.ing.lu users can now book an appointment with their nearest branch in just a few clicks (via the home page) to discuss any ING products and services that could be of interest to them. The new website also gives users access to several new loan simulators, enabling them to submit their request online.

The design of the new ING Luxembourg website is consistent with the Bank's mission to help clients stay ahead of the game both on a private and professional level.

ING Luxembourg invites all users of its website to visit the new version of www.ing.lu, which has already been released, and to discover all the new features it has in store!
